## **Kayaking in Prince William Sound**

There are very remote regions of Prince William Sound that still echo with the beautiful songs of Alaska's great whales. Our guided whale watching tours will allow you the best opportunity to have an up close encounter with these gentle giants. Past highlights have included breaching Humpback whales, Orca whales with their young and Humpback's feeding so close to camp that we could hear their songs from the beach! The diversity of the region is exceptional and includes calving glaciers, whales, seals, sea lions, eagles, deer, bear, bird rookeries and our favorites, lots of baby sea otters!

In addition we offer 2 to 10 day tours that focus on glaciers, wildlife, photography or any dreams you may have. Suitable for all levels of experience from the beginner to the expert. Round trip transportation is provided from Anchorage including chartered boat taxi's to take you directly to the best fjords. We also include lodging before and after ther tour. Our Alaska kayaking trips are customized to your desires and offer the highest quality kayaks, camps and guides in Alaska.
